Trainings we provided to students via eba during the pandemic period

Anonymous 3/12/24 12:52PM

we have a special programme which called "EBA". we have been used that programme while pandemic period with our students. And we also use "zoom" for meetings.

Anonymous 3/12/24 12:51PM
Modern, interactive, engaging, different kinds of needs of learners

Anonymous 3/12/24 12:54PM
I think one of the main advantages is students can learn anytime and anywhere. And they can access it whenever they want.

Anonymous 3/12/24 12:57PM
Keep attention. Focus on a idea.

Anonymous 3/12/24 12:59PM
Organize and collect results and create xfiles

Anonymous 3/12/24 1:00PM
An important advantage is that the child can learn at his own pace

Anonymous 3/12/24 1:02PM
When you collect results

Anonymous 3/12/24 1:03PM
The Internet and its tools can be very convenient, they can be used at any time at school and at home and can help you overcome a lot on vacation, when many newly learned math skills are forgotten.

Anonymous 3/12/24 1:05PM
Teachers can evaluate progress and intervene where necessary

Anonymous 3/12/24 1:08PM

Through attractive programs and videos, the child can learn by playing and having fun...thus losing the fear of mathematics, which is understood as something complicated and difficult.

Anonymous 3/12/24 1:10PM

Through programs and videos you can use music, shapes, color, cartoons... In this way the concepts are more attractive and closer to the child.

Anonymous 3/12/24 1:13PM

MULTIMEDIA content can be used and shared...which enriches and motivates the child

Anonymous 3/12/24 12:52PM

Could be a distraction, children use digital media a lot already

Anonymous 3/12/24 1:01PM

Depends technology.... Sometimes no wifi no sound.... Technical problems can waste your time....

Anonymous 3/12/24 1:04PM

In the digital age, children can use other applications in the background while using applications.

Anonymous 3/12/24 1:09PM

If not checked regularly, cyber bullying may occur.

Anonymous 3/12/24 1:10PM

Over-usage may cause health problems

Anonymous 3/12/24 1:30PM

Difficulty concentrating on the screen. Concentrating in front of a screen for a long time is quite difficult. ...

Anonymous 3/12/24 1:31PM

Students feel more isolated. ...

Anonymous 3/12/24 1:32PM

Lots of screen time.

Anonymous 3/12/24 1:33PM

. Planning is essential to maintain a regular and adequate work rhythm

Anonymous 3/12/24 1:34PM

Reduce human contact

Anonymous 3/12/24 2:52PM
Learning is interactive

Anonymous 3/12/24 2:54PM
It is very interesting because it appeals to many of the students' senses.

Anonymous 3/12/24 2:54PM
Videos, if well made and engaging, can capture students' attention. They are an attractive and interesting means to learn about or delve deeper into a topic.

Anonymous 3/12/24 2:56PM
We live in the age of the image..Videos are, therefore, a current medium that is close to the child. .other is important that they have visual rhythm and are well made
